

<b>Subject: DT- Revision and NEA</b>	<b>Year Group: 11</b>
<b>Autumn 1 – Curriculum Plan</b>	<b>Homework Plan</b>
<p><b>27.02.2019</b></p> <p>LO1: Be able to identify a range of materials (and their groups) and processes.</p> <p>LO2: Be able to demonstrate my understanding of manufacturing processes suitable for different materials</p> <p>LO3: Be able to create my own materials and processes learning aid.</p> <p><b>28.02.2019</b></p> <p>LO1: Be able to explain the different types of production methods.</p> <p>LO2: Be able to consider the positives and negatives for each method.</p> <p>LO3: Be able to apply my understanding to an exam style question.</p> <p><b>06.03.2019</b></p> <p>LO1: Be able to explain what makes a successful piece of packaging.</p> <p>LO2: Be able to apply my knowledge of packaging to analyse a piece of packaging.</p> <p>LO3: Be able to apply my understanding to an exam style question.</p> <p><b>07.03.2019</b></p> <p>LO1: Be able to explain what makes a successful piece of packaging.</p> <p>LO2: Be able to apply my knowledge of packaging to analyse a piece of packaging.</p> <p>LO3: Be able to apply my understanding to an exam style question.</p> <p><b>13.03.2019</b></p> <p>LO1: Be able to choose appropriate materials for my prototype.</p> <p>LO2: Be able to create a working prototype that answers my design problem.</p> <p>LO3: Be able to evaluate my work in depth and be able to consider how to develop my work further.</p> <p><b>14.03.2019</b></p> <p>LO1: Be able to choose appropriate materials for my prototype.</p> <p>LO2: Be able to create a working prototype that answers my design problem.</p> <p>LO3: Be able to evaluate my work in depth and be able to consider how to develop my work further.</p> <p><b>20.03.2019</b></p> <p>LO1: Be able to choose appropriate materials for my prototype.</p> <p>LO2: Be able to create a working prototype that answers my design problem.</p> <p>LO3: Be able to evaluate my work in depth and be able to consider how to develop my work further</p> <p><b>21.03.2019</b></p> <p>LO1: Be able to choose appropriate materials for my prototype.</p> <p>LO2: Be able to create a working prototype that answers my design problem.</p> <p>LO3: Be able to evaluate my work in depth and be able to consider how to develop my work further</p> <p><b>27.03.2019</b></p> <p>LO1: Be able to reflect on my progress and suggest improvements</p> <p>LO2: Be able to evaluate my product in detail using the 6 Thinking Hats</p> <p>LO3: Be able to compare my product against my specification</p> <p><b>28.03.2019 FINAL NEA HAND IN</b></p> <p>LO1: Be able to reflect on my progress and suggest improvements</p> <p>LO2: Be able to evaluate my product in detail using the 6 Thinking Hats</p>	<p><b>Embed</b></p> <p>Complete revision booklet</p> <hr/> <p><b>Apply</b></p> <p>Complete practice exam papers</p> <hr/> <p><b>Challenge/Interleaving</b></p> <hr/> <p><b>Improve/Go Green</b></p> <p>Use mark scheme to improve practice exam papers</p>

LO3: Be able to compare my product against my specification

**03.04.2019**

LO1: Be able to understand and explain keywords used in exam questions

LO2: Be able to improve my exam answers using the mark scheme

LO3: Be able to apply my understanding to an exam style question

**04.04.2019**

LO1: Be able to understand and explain keywords used in exam questions

LO2: Be able to improve my exam answers using the mark scheme

LO3: Be able to apply my understanding to an exam style question

**Spring 2 Assessment:**

**NEA**

**PPE2**

**Practice Exam Questions**
